- Supplies for our subjects are COLOR specific. This is done in order to help our students become and stay organized throughout the school year. We encourage students to get their supplies early in order to obtain the correct colors.
- Students will receive assignment books and a homework folder the first week of school.
- Students will need to replenish worn out and/or lost supplies throughout the year.

****Should have division/multiplication flashcards, or they may be substituted with any app or your existing IXL.com account that will help the students to practice math facts.**
