Mr. Thomas Lyons – Interim Principal

Dear Saint Mark Community,

What a wonderful first couple of weeks of in person education. We have been so impressed with how well the students and Saint Mark Community have adjusted. It is fantastic to see our community numbers continue to go down and more people getting vaccinated.

In these final weeks of the school year, we ask for your continued vigilance. Please screen your child daily for the following COVID-19 symptoms and keep them home if they have any of the following symptoms.

- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Of note, if a child presents to the school nurse's office with any of the above symptoms, they will be sent home to be evaluated by a medical provider. When sending your child back to school, please include a note from their health care provider documenting their diagnosis or negative COVID test. We welcome any questions and look forward to a healthy remainder of the school year. Thank you for continuing to partner with us in maintaining our children's health.
